

AIA Real

Enhancements to Trauma products

The following is a summary of enhancements that we've made to our AIA Real Trauma products. These enhancements will only apply for the built-in benefits or for optional benefits that you already have and where the claimable event occurs after the effective date of the enhancement.

The enhanced section will only apply if it is favourable to you. Rest assured, at claim time, we will continue to apply the policy wording you were issued with if it results in a better claims outcome for you.

This summary is a guide only and is subject to the terms and conditions of the policy wording.
