

OPTIONAL BENEFIT APPENDIX

Accidental Injury Cover

This *appendix* only applies if cover under the policy *schedule* includes Accidental Injury Cover. This *appendix* forms part of and is incorporated into your TotalCareMax policy, the terms of which apply to this *appendix*.

This is an agreed value benefit. Details of the benefit and the names of the people insured under the benefit (called the life or lives assured) are shown in the *schedule*.

1. When will Sovereign pay Accidental Injury Cover?

Sovereign will pay Accidental Injury Cover if a life assured suffers an *accidental injury* after *risk commencement date* which falls within one of the Accidental Injury Categories in the table in Section 2 below ("*specified injury*") and survives for at least 14 days thereafter.

An Accidental Injury Cover claim must be supported by medical evidence acceptable to Sovereign confirming the *specified injury* giving rise to the claim.

No waiting period applies and the Accidental Injury Cover will be paid once evidence of the *specified injury* is accepted by Sovereign.

2. What amount will Sovereign pay for Accidental Injury Cover?

If a life assured suffers a *specified injury* Accidental Injury Cover will be paid as a lump sum payment equal to the monthly benefit amount set out in the *schedule* multiplied by the applicable number of months set out in the table below.

Table of *specified injuries*.

Category Number	Accidental Injury Categories	Number of Months' Benefit as Lump Sum
1	An <i>accidental injury</i> that leads to a <i>fracture</i> that requires <i>immobilisation</i> other than a cast	2
2	An <i>accidental injury</i> that leads to a <i>fracture</i> that requires a cast	3
3	An <i>accidental injury</i> that requires surgery under <i>general anaesthesia</i>	3
4	An <i>accidental injury</i> that leads to amputation of a <i>limb</i> , <i>permanent total blindness</i> , <i>permanent total loss of hearing</i> , or permanent paralysis (diplegia, hemiplegia, paraplegia, quadriplegia)	12

The Accidental Injury Cover is not subject to any offsets.

Only one Accidental Injury Cover will be paid for the same event. If the life assured suffers more than one *specified injury* from the same event, Sovereign will pay the *specified injury* that provides the greatest benefit. However, if Sovereign pays a *specified injury* that provides a lower benefit and subsequently the same *accidental injury* would qualify for a *specified injury* providing a higher benefit, then Sovereign will pay the difference between the higher benefit and any lower benefit already paid for the same *accidental injury*.

3. How to make a claim

To make a claim, the relevant procedures in the section of your TotalCareMax policy entitled 'How to make a claim' must be followed.

In addition, Sovereign will not pay a claim under this Accidental Injury Cover until Sovereign has received medical evidence of the *specified injury* from a *Registered Medical Practitioner* (at your expense).

4. When will this appendix terminate for a life assured?

This *appendix* will terminate and eligibility for the Accidental Injury Cover will cease for a life assured at the earliest of when:

- > The life assured dies.
- > The life assured reaches age 70.
- > The benefit is cancelled.
- > All of the life assured's other TotalCareMax benefits with Sovereign are cancelled.

## 5. Exclusions – When Sovereign won't pay a benefit?

Sovereign will not pay Accidental Injury Cover if a *specified injury* arises directly or indirectly from any of the following:

- > Any illness, disease or degenerative condition.
- > Any act or omission by the life assured intended to cause harm to him or herself.

Sovereign will not pay any Accidental Injury Cover if the life assured participates in any criminal activity or suffers a *specified injury* when under the influence of alcohol or drugs, except where the drugs were prescribed by and were being used in accordance with the directions of a *Registered Medical Practitioner*.
